TO MAKE UP

DO NOT PRESS.

Using mattress st seam, join cast and cast off edges together. Sew in ends.

Mattress stitch seam

1. With right side facing, lay the two pieces to be joined flat and edge to edge. Thread a wool needle with yarn and insert the needle between the edge stitch and the second stitch on the first row. Pass the needle under two rows, then bring it back through to the front.

2. Return to the opposite side and, working under two rows at a time throughout, repeat this zig zag action always taking the needle under the strands that correspond exactly to the other side, and going into the hole that the last stitch on that side came out of, taking care not to miss any rows.

3. A good mattress stitch seam is to keep the seam elastic without allowing it to stretch too much.
